*ABC Spanish* offers flexible time and location options in order to accommodate your staff work and travel schedule. Our local university instructors have vast experience in teaching business Spanish as a second or third language.

The outstanding curriculum includes:

- Fast track learning to acquire client focused communication skills
- Industry based vocabulary including business, technical and legal communication skills
- Introduction to basic Spanish Culture and necessary Business Protocols for Sales
- Terminology for computer oriented companies offering technical support in Spanish
- Spanish simulation and role playing in meetings, telephone and web meetings
- Use of audiovisual presentations to enhance fast learning and oral participation
- Complimentary assessment offered to customize content to meet specific business needs
- Spanish learning text books, CD for better pronunciation and study guides

*Private Classes with flexible time and location also offered.*

# Sí,

*Spanish is easy to Learn!*
